SHYNESH RAPARLA

Andhra Pradesh, India
8520054046 raparlashynesh64@gmail.com

Career Objective

Entry-level software developer with a strong foundation in python, front-end technologies, and problem-solving. Seeking to contribute to real-world projects, enhance technical expertise, and gain hands-on industry experience in a growth-oriented organization.

Education

Lakireddy Bali Reddy College of Engineering **Nov 2021 – May 2025**
Bachelor of Technology in Computer Science and Engineering *Andhra Pradesh, India*

Sastra Educational Institution **Apr 2019 – May 2021**
Intermediate Education *Andhra Pradesh, India*

Viswabharathi EM high school **Jun 2018 – Mar 2019**
Secondary Education *Andhra Pradesh, India*

Technical Skills

Programming Languages: C, Python, Java
Technologies: HTML, CSS, JavaScript
Databases: MySQL, MongoDB
Tools: GitHub, VS Code

Internship Experience

AIMERS **Mar 2024 - July 2024**
Student Intern – Software Traniee

Engaged in designing, testing and deoplying innovative solutions in various domains like AI, Machine Learning and Data Visualization.

– Developed chatbox for medical image processor using TensorFlow and Flask.

SkillDzire **Dec 2024 - Apr 2025**

- Completed a Machine Learning Internship with SkillDzire, gaining practical experience in data preprocessing, model development, evaluation, and basic deployment techniques.

Project

AUTOMATED ANIMAL DETECTION SYSTEM AND ACCIDENT PREVENTION

- Built a deep learning–based real-time animal detection system targeting road safety applications.
- Trained and evaluated a **YOLOv8 object detection model** on a labeled dataset of 10 animal classes.
- Achieved high performance with **95% precision and 93% F1-score**, validated using confusion matrices and training metrics.

Cars Info – Full Stack

- Cars Info application is built using front-end technologies like HTML, CSS, and JavaScript to provide detailed data on various car models with their fuel type, transmission type and price.

Certifications

Infosys Springboard – HTML, Node.js, CSS**.**

NPTEL – Joy of Computing using Python, English Language for Competitive Exams.

SkillDzire – Machine learning
